

# Light and Colour *Our Vision of the World*

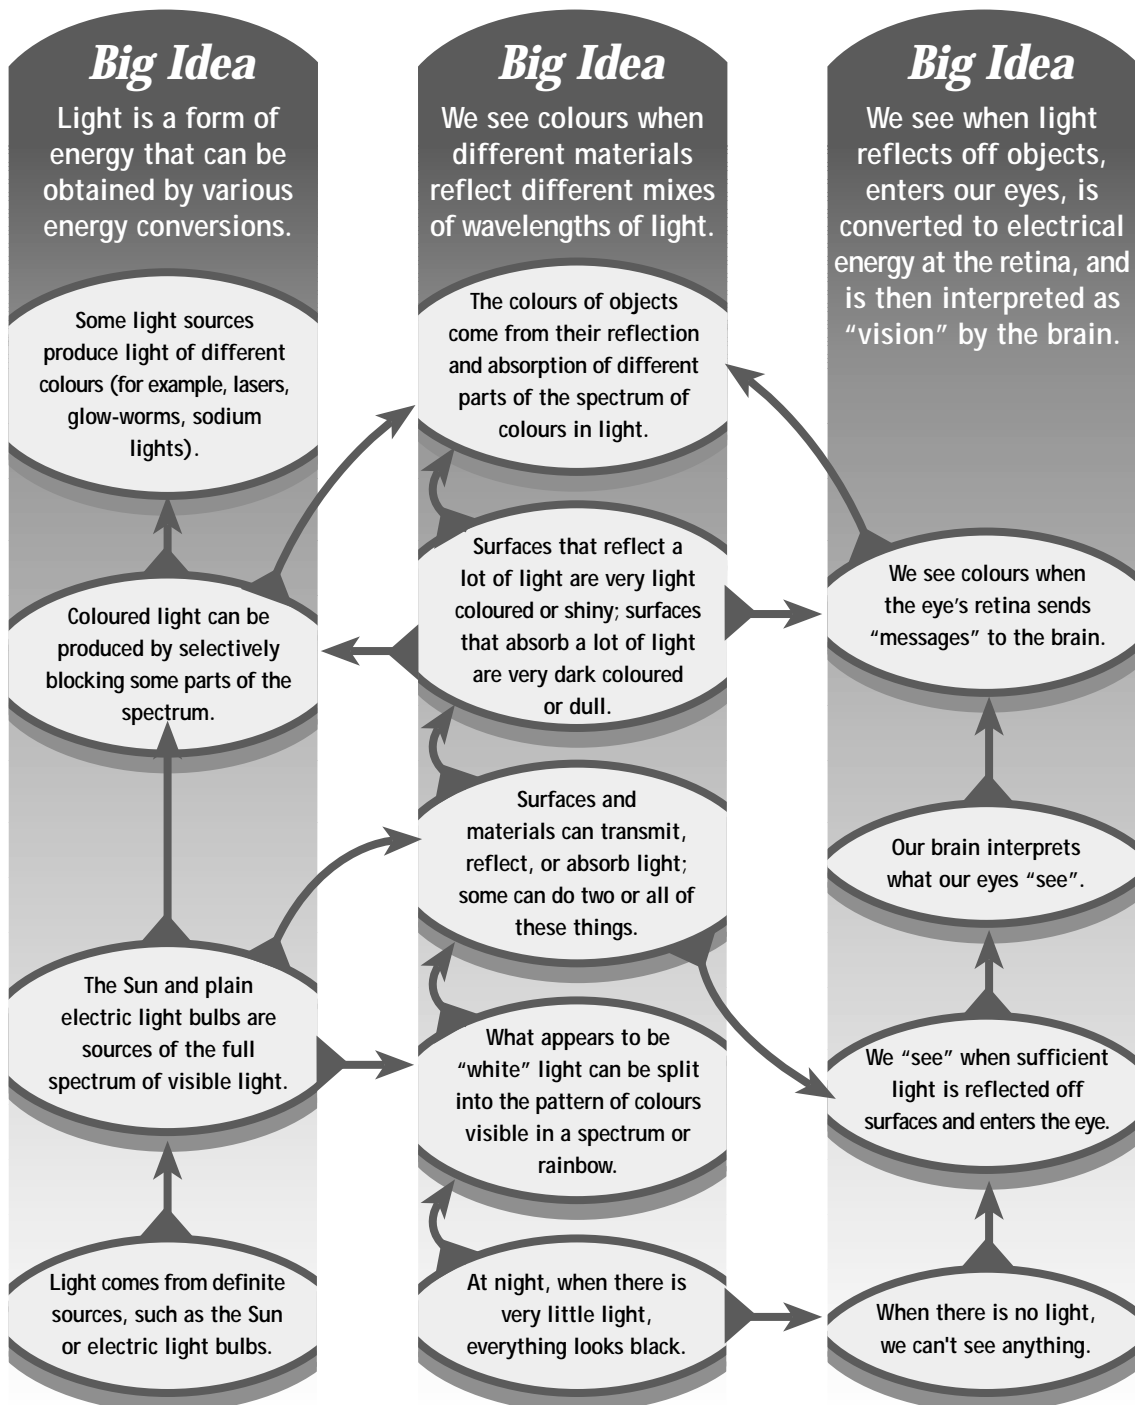

## Concept Overview

PHYSICAL WORLD

### About the overview

The diagram below shows the science concepts outlined in this book. The arrows show the links between concepts and how they might build in sequence.

A “big idea” shows how a fully developed understanding of the concepts might look. Such an understanding might not be achieved until level 7 or 8. The big ideas are included to help you to build appropriate concepts with your children, whatever their age.
