

Making Porridge

Conducting Heat and Cooking Food

Concept Overview

About the overview

The diagram below shows the science concepts outlined in this book, and in the level 3-4 companion book, *Heat on the Move*. The arrows show the links between concepts and how they might build in sequence. A “big idea” shows how a fully developed understanding of the concepts might look. Such an understanding might not be achieved until level 7 or 8. The big ideas are included to help you to build appropriate concepts with your children, whatever their age.
