

# The Moon *Patterns related to the Moon's orbit of the Earth*

## Concept Overview

PLANET EARTH AND BEYOND

### About the overview

The diagram below shows the science concepts outlined in this book. The arrows show the links between concepts and how they might build in sequence.

A 'big idea' shows how a fully developed understanding of the concepts might look. Such an understanding

might not be achieved until Level 7 or 8. The big ideas are included to help you build appropriate concepts with your children, whatever their age.
